## 01 \_ About the journal

The Central Asian Journal of Multidisciplinary Research and Management Studies (CAJMRMS) is a multidisciplinary academic journal established in 2024. It is published by the Innovative Academy Research Support Center. Economics and management form the journal's main focus; in addition it publishes research in law and jurisprudence, medicine and health sciences, pedagogy, philology, the social sciences and humanities, and engineering and information technologies. In a short time it has released 76 issues and printed 2,353 articles. The journal follows the principles of the Budapest Open Access Initiative (BOAI) and is a signatory of the San Francisco Declaration on Research Assessment (DORA): assessment addresses the scholarly content of the work rather than journal-level metrics, and all materials are freely available to readers without restriction. The editorial office runs on an AI-assisted automated publishing platform: plagiarism screening, language editing, independent peer review, a DOI for every article and international indexing are joined into one chain.

■ Engineering and Information Technologies

## 03 \_ Indexing

Every published article is automatically delivered via its DOI to, and indexed in, the following international scholarly databases:

### Connected databases · 10

Zenodo · DOI

DataCite

OpenAIRE

OpenAlex

Google Scholar

BASE

CORE

Semantic Scholar

CyberLeninka

SLib · UzSCI

### Connection in progress

Integration with the following reputable databases is being carried out step by step:

## 07 \_ Manuscript structure

Following this order matters — it lets our automated system process your manuscript correctly. Do not change the sequence given in the template:

|    |                                |                                                                          |
|----|--------------------------------|--------------------------------------------------------------------------|
| 01 | Article title                  | in the main language, in capital letters, on its own line                |
| 02 | Author blocks                  | full name → affiliation → e-mail → ORCID; each on its own line           |
| 03 | Scientific adviser             | if any — on one line starting with “Ilmiy rahbar:”                       |
| 04 | Abstract and keywords          | in the main language of the article only                                 |
| 05 | Main text                      | INTRODUCTION → MATERIALS AND METHODS → RESULTS → DISCUSSION → CONCLUSION |
| 06 | References                     | APA style, numbered list                                                 |
| 07 | Information in other languages | at the very end of the article, in a separate block                      |

## 08 \_ Language rules

Only the main-language information appears at the beginning of the article. Translations of the title, authors and abstract into other languages go in the block “ARTICLE INFORMATION IN OTHER LANGUAGES” at the **very end** of the article:

| Article language | At the beginning                           | In the closing block   |
|------------------|--------------------------------------------|------------------------|
| Uzbek            | Uzbek title, authors, abstract, keywords   | In English and Russian |
| Russian          | Russian title, authors, abstract, keywords | In English             |
| English          | English title, authors, abstract, keywords | In Russian             |

Do not change the labels (**Abstract:**, **Keywords:**, **Title:**, **Authors:**, **Название:**, **Аннотация:** etc.) — the system reads them automatically.

## 09 \_ Author information

Each author's details are written on **separate lines**: full name on one line, affiliation on another, e-mail on another, ORCID on another. With two or more authors the blocks follow one another. **The first author is treated as the corresponding author** — there is no need to add \* or any other marker to the name line:

### AUTHOR 1 (CORRESPONDING)

**Akbarova Nilufar Karimovna**

Tashkent State University of Economics, Tashkent,  
Uzbekistan

n.akbarova@example.com

ORCID: <https://orcid.org/0000-0000-0000-0001>

### AUTHOR 2

**Karimov Aziz Baxtiyorovich**

Samarkand State University, Samarkand, Uzbekistan  
a.karimov@example.com

ORCID: <https://orcid.org/0000-0000-0000-0002>

The name line carries the name only — titles, academic degrees and words such as “student” or “MA candidate” belong on the affiliation line. A scientific adviser goes on a single line: **Ilmiy rahbar: Family Name First Name, PhD, Associate Professor, Institution**

## 10 \_ Equations, figures and tables

### Equations

Typed in Word's equation editor (Insert → Equation). Equations pasted as images are not accepted. Equations referenced in the text are numbered on the right: (1).

### Figures

Placed in line with text, at least 300 dpi. A centred caption goes below each figure: “Figure 1. Title”. Essential text must not be locked inside images.

### Tables

Real Word tables only (not images). The caption goes above the table: “Table 1. Title”. Every table, equation and figure must be referred to in the text.

## 11 \_ References

References follow APA (American Psychological Association) style. In-text citations use square brackets: [1], [2]; the list is numbered in the same order. **Sources in Cyrillic or Uzbek script** are supplemented with an English translation in square brackets for international indexing.

1. Karimov, A. A. (2021). Raqamli iqtisodiyot asoslari [Fundamentals of the digital economy]. Iqtisodiyot nashriyoti.

## 12 \_ Article processing charge

APC

# 80,000 UZS

For international authors: \$10

Once the manuscript has passed the plagiarism, AI-detection, language-editing and peer-review stages, payment details are sent to the author. The charge is paid once per article and fully covers the DOI, publication, certificate and international indexing.
